Declaration of Property Classification

The 1981 Legislature approved a lower property tax rate for residential property for Tax Years 1981 and subsequent years. In order for this tax rate to apply for this tax year, the property owner must declare that portion of his or her property, land and buildings that is residential. If this form is not filed with the county assessor by the last day of February, then the property will be presumed to be non-residential and will be taxed accordingly.

Residential property is either a home, mobile home or apartment(s) and the land underlying the structures that is suitable for human habitation. That portion of the description of property which meets this definition is eligible for "the classification of Residential Property".

I hereby certify that the indicated property is classified as Residential Property as defined by law.
