PURCHASING DEPARTMENT

845 N. Motel Blvd. • Las Cruces, New Mexico 88007 • (575) 647-7221

TO: Procurement File	DATE: 5/8/2020
FROM: Donald E. Bullard, Purchasing Manager	D13
SUBJECT: Emergency Procurement Determination	

Due to the Covid-19 pandemic and the Declarations of Emergency declared by the United States, the State of New Mexico and Dona Ana County it became necessary for the County to acquire various personal protective equipment (PPE). Also due to the Covid-19 pandemic, the necessary PPE became hard to find and obtain.

Section 13-1-127 NMSA 1978 states in pertinent part "An emergency condition is a situation that creates a threat to public health, welfare or safety such as may arise by reason of floods, epidemics, riots, equipment failures or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction, or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten:

- (1) the functioning of government;
- (2) the preservation or protection of property; or
- (3) the health or safety of any person.

The Purchasing Department has determined that not immediately purchasing various PPE through Emergency Procurement could seriously threaten the health and safety of County residents. Due to the lack of availability of PPE and Pursuant to Section 13-1-127 NMSA 1978 the county acquired PPE from Vendors as it was available.
